++ Valid for broadcast between 0600 and 1800

Headline:
Dry, cold and mostly cloudy Tuesday.

Today:
Another dry, cold and mostly cloudy day. Perhaps the odd brighter spell developing mainly in the afternoon, but largely cloudy for most. Feeling cold even with light winds. Maximum temperature 3 deg C (37 deg F).

Tonight:
Remaining dry and cold. Often cloudy to start, but increasing clear spells overnight will lead to a frost for many areas. Winds light. Minimum temperature -3 deg C (27 deg F).

Wednesday:
A bright and frosty start. Cloud thickening through the day, with patchy rain later, this perhaps wintry at times. Feeling cold. Maximum temperature 2 deg C (36 deg F).

Outlook for Thursday to Saturday:
Thursday and Christmas Eve often cloudy, breezy with rain, possibly wintry on hills. Becoming milder. Turning colder and windy Christmas Day, with further wet weather, possibly wintry to lower levels.
